- 3.5 iFAST is hereby irrevocably authorised by the Customer to appoint a Custodian for any period of time to hold (1) monies of the Customer and/or (2) any and/or all of the Securities subscribed for or purchased on behalf of the Customer and for purposes as authorized by the Customer and thus the Securities will be registered under the Custodian's name. - 3.9 The Customer's relationship with iFAST, the operation of the Account and the implementation of all Orders shall be subject at all times to the Applicable Laws. iFAST may take or refrain from taking any action whatsoever (including but not limited to refusing to implement any Orders), and the Customer shall do all things required by iFAST, in order to procure or ensure compliance with Applicable Laws.
- 3.10 The Customer hereby agrees to ratify and confirm all Transactions and all acts and things done or caused to be done or effected by iFAST and/or the Custodian on the Customer's behalf in relation to the Account or the Securities held on behalf of the Customer and agrees that such Transactions, acts and/or things done shall also be governed by these terms and conditions.
- 3.11 The Customer hereby irrevocably authorises iFAST, its directors and officers to sign and execute all documents and perform all acts in the name and on behalf of the Customer in

connection therewith, whether in respect of any Transaction relating to the Account or these terms and conditions (including but not limited to the protection or preservation of any of iFAST's rights and remedies hereunder, the payment of all monies due and owing to iFAST by the Customer and as may be required under the laws of any jurisdiction for the exemption from any tax or duty in relation to the transfer and/or delivery of a Security) or in respect of anything required to give effect and/or substance thereto. - 3.12 The Customer agrees that all monies (including any redemption monies or cash placed into the Cash Account, omnibus account or maintained with iFAST or the Custodian) and/or Securities and/or all other property of the Customer in iFAST or the Custodian's custody shall be subject to a general lien in favour of iFAST for the discharge of all or any indebtedness and other obligations of the Customer to iFAST. - 3.14 The Customer acknowledges that as a general rule, excess monies of the Customer (unless refunded to the Customer), will be co-mingled with excess monies from other customers of iFAST in an omnibus trust account and that administratively, it would not be practical or feasible and is economically counter-productive to attempt to allocate the respective interest entitlement (if the trust account is interest-bearing) on an individual basis in view of the constant fluctuations in the value of the collective monies in such trust account. The Customer agrees to waive and relinquish in favour of iFAST any and all entitlements to interest accruing to the Customer's share of monies in such trust account. Where iFAST utilizes a bank to deposit Customer's monies, iFAST's sole responsibility to the Customer as regards the utilization of such bank shall be to exercise reasonable care in the selection of such bank. - 3.16 Whenever the Customer receives any statements of account, contract notes (if applicable), confirmations or notifications in respect of any Order or any document (the "**Statement**") provided in relation to the Account from iFAST, the Customer agrees that it will inform iFAST of any mistakes or omission or disagreements within seven (7) days from the date of the relevant Statement. If the Customer fails to do so, the Customer is deemed to have agreed to the contents in such Statement and will no longer have the right to dispute the accuracy of the Statement. Accordingly, iFAST has the right to treat the Customer's silence as the Customer's representation that the Statement is accurate. Nothing in this Clause shall prevent iFAST from unilaterally amending any such Statement for any inaccuracy it detects.
- 3.17 Any instructions (oral or otherwise) purported to be given by any person other than the Customer, need not be acted on by iFAST or the Custodian but iFAST and the Custodian is authorised to act on any and all such instructions which iFAST or the Custodian believes in good faith, or has reason to believe, is from the Customer as soon as such instructions have been received by iFAST or the Custodian without requiring written confirmation thereof. iFAST

and the Custodian shall not be liable for any Loss incurred by the Customer as a result of iFAST or the Custodian so acting.

- 3.18 In furtherance to Clause 3.5, the Customer acknowledges and agrees that it will have limited rights compared to rights ordinarily exercisable by a unit holder including (a) the right to have the Customer's particulars recorded in the register of unit holders and (b) the right to attend, call and vote in any unit holders' meeting, as the Customer's votes will be recorded via proxy. Documents, notices and/or proxy forms relating to a unit holder's meeting shall be sent by iFAST to the Customer within 2-3 Business Days from receipt of the Manager's notification and the Customer is required to respond within the timelines as stipulated by iFAST. In the event that monies accruing to the Account is received by iFAST in a currency other than the Fund Currency, such monies shall be converted to the Fund Currency at such rate of exchange as

iFAST may, in its sole and absolute discretion decide, before iFAST credits the Account. Where iFAST and the Customer have agreed that the payments shall be settled in a currency other than the Fund Currency, such payments shall be settled at a rate of exchange as shall be determined by iFAST in its sole and absolute discretion. The Customer shall be fully responsible and liable for any Losses resulting from any currency conversion. If for any reason iFAST cannot effect payment or repayment to the Customer in the Fund Currency or in the agreed currency between iFAST and the Customer, iFAST may effect payment or repayment in the equivalent of any other currency selected by iFAST based on the applicable rate of exchange at the time the payment or repayment is due.

- 11.5 All payments made by the Customer to iFAST shall be in free and clear funds and free of deductions or withholdings. If the Customer is obliged by law to make such deduction, the Customer shall pay to iFAST such greater amount which after deduction shall ensure that the net amount actually received by iFAST will equal the amount which would have been received by iFAST had no such deduction been required.
- 11.6 The Customer acknowledges that with effect from a date to be determined by iFAST ("Stipulated Date"), all payments for any subscription in relation to any Securities shall be made payable to "iFAST Capital Sdn Bhd", or such Person as specified by iFAST from time to time. The Customer must write at the back of the cheque, his/her full name, NRIC number, investment account number, purchase order number and the name of the Funds to be subscribed.

All interest, fees, commissions and other charges of iFAST are exclusive of any applicable service or sales tax which shall be borne and separately charged to the Customer.
- 11.8 Redemption proceeds received by iFAST will be paid or credited in accordance with (1) these terms and conditions; (2) Customer's instructions; (3) to the Customer's Cash Account; or otherwise, (4) as required by Applicable Laws, and in the case of a redemption of Units in a Fund acquired using the EPF Plan, the redemption proceeds will be credited to the Customer's EPF account directly by the Manager. For the avoidance of doubt, redemption proceeds of Customers using the EPF Plan and who have attained the age of 55, will be paid or credited directly to the Customer in accordance with these terms and conditions or the Customer's instructions. The redemption proceeds will be net of any fees, charges or expenses incurred in connection with the redemption. iFAST shall not be under any duty to ascertain or have any responsibility for the adequacy of the consideration received.

The Customer acknowledges that in relation to investments in the Securities, the Manager/Market Dealer/stock exchange and/or the investment product would pay monies (by way of commissions, discounts, fees or otherwise) to iFAST in connection with, or in relation to, the issue of Units to or for the Customer, or other dealings in connection with Units in any Security. The Customer agrees that iFAST may retain these monies for its sole benefit and is under no obligation to account to the Customer for such monies. The Customer's Orders may be matched with other orders placed by iFAST (1) for another customer, in which case iFAST may receive monies (by way of commissions, discounts, fees or otherwise) from both parties to the trade or (2) as principal, in which case iFAST may receive monies (by way of commissions, discounts, fees or otherwise) from the Customer.

- 11.9 iFAST may at its full and absolute discretion charge an upfront fee ("Upfront Fee") of up to the maximum allowed as stated in the prospectus on the total subscription monies received for the subscriptions of Units in any of the Funds. The Upfront Fee accrues to iFAST and is deducted upfront from the total subscription monies received and the nett sum remaining shall be used to subscribe for Units in the relevant Fund. Where an Upfront Fee is charged by iFAST, no other sales charge or initial sales charge will be charged by the Manager of the relevant Fund. Where no Upfront Fee is charged by iFAST, a sales charge or initial sales charge will be charged by the Manager of the relevant Fund. iFAST reserves the right to vary and increase the Upfront Fee from time to time. In the event that a Customer requests for a refund of his/her investment in the said Fund during the Cooling-Off Period pursuant to Clause 5.13, the Upfront Fee shall

be refunded to the Customer. The Upfront Fee is separate and independent of the initial sales charge or front-end fee which may be charged by the Manager of the relevant Security.

In the event of the death of the Main Customer, iFAST shall, subject to Applicable Laws, act on the instructions of the legal guardian of the surviving minor, provided the legal guardian agrees to indemnify iFAST against any Losses which may be incurred by iFAST as a result of acting on the legal guardian's instructions. In the absence of evidence to the contrary, iFAST shall regard the minor's natural parents as the minor's legal guardian.

(Effective from 1st July 2025)

SUPPLEMENTAL TERMS AND CONDITIONS (WRAP ACCOUNT)

1. Where applicable, these terms and conditions are supplemental to, and form part of, the Investment Account Terms and Conditions. Unless otherwise defined herein, terms defined in the Investment Account Terms and Conditions shall have the same meanings when used or referred to herein. Save as specifically amended or superseded by these terms and conditions, the Investment Account Terms and Conditions shall continue to have full force and effect.

WRAP ACCOUNT

2. The Customer has or will engage the services of the Institutional Unit Trust Adviser (the “**IUTA**”) named in the account opening form to provide advisory services to the Customer relating to the Customer’s investments, and Customer agrees to pay a fee to the IUTA (“**Wrap Fee**”). For such purpose, the Customer will consolidate his/her investments in the Account and the Account will hereinafter be referred to as the “Wrap Account”. The Wrap Account may be utilised for investments in the Funds, and the Investment Account Terms and Conditions shall be construed accordingly. The Wrap Fee accrues daily based on the aggregate value of the Units and the cash balances in the Cash Account, and is payable to the IUTA at the end of each quarter (being the end of March, June, September and December respectively of each year or each other period as agreed from time to time) based on the Wrap Fee rate set out in the account opening form.

3. The Customer agrees and undertakes to forthwith notify iFAST in writing upon the termination, for any reason whatsoever, of the agreement between the IUTA and the Customer in respect of the provision of the services mentioned in Clause 2 above. Upon receipt by iFAST of the above notification and without prejudice to the rights of iFAST, the Wrap Account shall automatically be deemed terminated.

4. To facilitate the payment of Wrap Fee and all other fees, costs and expenses arising or incurred in connection with the operation of the Wrap Account (“**Other Expenses**”), iFAST has the discretion to: (a) deduct the relevant amount from the Customer’s Cash Account; (b) redeem the Customer’s Units; (c) request the Customer to issue a cheque; or (d) utilize other electronic means available towards payment of the Wrap Fee and Other Expenses.

5. In relation to paragraph 4(b) above, the Customer agrees, consents and authorises iFAST to act on the Customer’s behalf (at iFAST’s sole discretion) to redeem such number of Units from what iFAST deems to be the best performing Funds (from each category of Funds purchased or subscribed using cash) and/or Cash Fund whichever is applicable as at the end of the preceding quarter (being the end of March, June, September and December respectively of each year or each other period as agreed from time to time), calculated on bid-to-bid basis and to apply the proceeds from such redemption to pay the Wrap Fees and Other Expenses. Any realisation proceeds in excess of the applicable Wrap Fees and Other Expenses shall be retained in the Cash Account in respect of Units purchased using cash.

6. In the event of a redemption of Units by the Customer which results in the value of the Customer’s balance Unit holdings being less than any outstanding Wrap Fee and Other Expenses, iFAST has the discretion to retain the necessary amount from the redemption proceeds to pay the Wrap Fee and Other Expenses.

7. In the event of a transfer of Units by the Customer which results in the value of the Customer’s balance Unit holdings being less than any outstanding Wrap Fee and Other Expenses, iFAST has the discretion to retain and redeem the estimated necessary number of Units from the best performing Funds to pay the Wrap Fee and Other Expenses. Any redemption proceeds in excess of the Wrap Fee and Other Expenses shall be refunded to the Customer.

SCHEDULE 1

Risk Disclosure Statement Relating to Securities

Customers who trade or transact in Securities through iFAST should be aware of the following risks which may be involved in such trading:

Contractual Terms

- a) The terms as to price, term, expiration dates, restrictions or exercising an option and other terms material to a transaction.
- b) Any terms describing risk factors, such as volatility, liquidity, etc.
- c) The circumstances under which you may become obliged to make or take delivery of the underlying interest of a transaction.
- d) The legal risk surrounding the transaction, including but not limited to the circumstances under which the transaction may be illegal, resulting in it being void and unenforceable.

Market Forces

- a) Your payments or receipts under a transaction will be linked to changes in the particular financial market or markets which the transaction is linked, and you will be exposed to price, currency exchange, interest rate or other volatility in that market or markets. You may sustain substantial losses on the contract, trade, product or financial investment if the market conditions move against your positions. It is in your interest to fully understand the impact of market movements, in particular the extent of profit/loss you would be exposed to when there is an upward or downward movement in the relevant rates, and the extent of loss if you have to liquidate a position if market conditions move against you. Your position may be liquidated at a loss, and you will be liable for any resulting deficit in your Account with iFAST.
- b) The price and value of any investment in securities and the income, if any, from them, can fluctuate and may fall against your interest. An individual security may experience downward price movements and may under some circumstance even become valueless. An inherent risk of trading Securities is that losses may be incurred, rather than profits made, as a result of buying and selling Securities. Any representation of past performance is not necessarily a guide to future performance.
- c) Under certain market conditions you may find it difficult or impossible to liquidate a position, to assess a fair price or assess risk exposure. This can happen, for example, where the market for a transaction is illiquid or where there is a failure in electronic or telecommunications systems, and where there is occurrence of a Force Majeure Event (which shall include without limitation, any form of restriction, moratorium or suspension on trading imposed by an exchange, market or other authority regulating trading in the transactions). This could also happen for unlisted Securities where there is no formal market for such Securities and are often thinly traded. In addition, there can be no certainty that market traders will be prepared to deal in Securities, in particular in relation to unlisted Securities.
- d) Transactions on markets in other jurisdictions may expose you to additional risk. Such markets may be subject to regulation that may offer different or diminished investor protection. Transactions related to emerging countries may carry high investment risks such as political risks, risks of economic instability, greater prevalence of illegitimate market practices and laws and regulations which afford inadequate protection and safeguards to investors. You may be exposed to operational risks and other risks associated with the market infrastructure in that jurisdiction. The concept of beneficial ownership may not exist or be fully developed in the foreign jurisdiction and it is possible that its law will not recognise your beneficial ownership of Securities held by a sub-custodian in that jurisdiction.

Electronic Trading

- a) iFAST's trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and computer systems, you will be exposed to risks associated with the systems including the failure of hardware and software, risks of any defect, deficiency or malfunction in, and /or any breakdown, disruption or failure of any telecommunications, computer or other electronic equipment or system associated with such electronic system, loss of data or information that may occur due to

any cause whatsoever. The result of any system failure may be that your Order is either not executed according to instructions or is not executed at all.

- b) You should also be aware that the Internet is not a completely reliable transmission medium and there may be delays in service provisions.

Currency Risk

The fluctuations in foreign currency rates have an impact on the profit/loss and the financial investment where the transaction is denominated or settled in a different currency from the currency where you carry on your ordinary business or keep your accounts.

Credit Risk

- a) As iFAST may not always be your contractual counterparty, your contractual counterparty or a third party issuer, will be liable to you under the transaction. Therefore, you should take into account all risks associated with such counterparty or third party issuer, including the counterparty's or issuer's financial standing.
- b) In the event of insolvency of the issuer of a Security or the counterparty to a transaction, you may experience delay in liquidating your investment and may suffer losses, including a decline in the value of your investment. Furthermore, the insolvency of the issuer of a Security or the counterparty to a transaction may lead to positions being liquidated or closed out without your consent.

Counterparty Risks

You need to be aware of the identity of the contractual counterparty you are or may be matched with. Often, you will be purchasing an unsecured obligation of such counterparty and you should evaluate the comparative credit risk.

Tax Risk

You should understand the tax implications prior to entering into any transactions. Different transactions may have different tax implications. Therefore, you should consult your tax adviser to understand the relevant tax considerations.

Over-the-counter (OTC) products

Because the prices and characteristics of over-the-counter transactions are individually negotiated and there is no central source for obtaining prices, there are inefficiencies in transaction pricing. As a result, the Customer is exposed to credit risk of the counterparty in which they enter into a bilateral agreement with. The Customer may also be exposed to liquidity risk and iFAST cannot and does not warrant that there is an active trading market and the price iFAST secures for the Customer will at any time be the best price available to the Customer. In entering an OTC transaction, iFAST may make a profit despite the Customer incurring a loss.

Risk related to Bonds

Bonds are debt securities that offer fixed returns over a defined period and are intended to be held to maturity. These instruments carry a number of risks such as credit, default, interest, currency and liquidity risks.

- a) Credit risk arises from default events that may result in the inability of the issuer to pay interest or principal.
- b) Default risk is high when credit rating is non-investment grade or nonrated. In a default situation, the buyer may lose both interest and principal.
- c) Interest risk arises as bond prices generally move inversely with interest rates.
- d) Currency risk arises from holding debt securities that are issued in a foreign currency, hence exposing the buyer to fluctuations in exchange rate. There is a chance that if the currency moves adversely, the buyer may also suffer a loss.
- e) Liquidity risk refers to the availability of prices for buying and selling in a market. It is common for most debt securities to suffer from poor liquidity because they are quoted over-the-counter (OTC). OTC products are not listed or available on a securities exchange, but traded directly between two parties. Thus, one is exposed to the credit risk of the counterparty in which they enter into a bilateral agreement with. iFAST does not warrant that there is an active trading market and that the price iFAST secures for the customer will at any time be the best price we procure.
- f) Fluctuations and volatility in the market price of the bonds.

Risk related to Investment in Debt Securities

- a) The value of the investments will depend on market interest rates, the credit quality of the issuer and liquidity considerations.
- b) Some may be invested in high yielding debt instruments where the level of income may be relatively high (compared to investment grade debt instruments). However, the risk of depreciation and realisation of capital losses on such instruments will be significantly higher than on lower yielding debt instruments.
- c) Some may invest in investment grade debt securities, which like other types of debt securities, involve credit risk of the debt security issuer and may be subject to ratings downgrades by the rating agencies.
- d) Some may invest in a relatively small number of investments or may be concentrated in a specific industry sector and are subject to higher concentration risk.
- e) Some may invest in part or in whole in emerging markets which may be more volatile and subject to greater political and economic risks.

Risks related to Structured Warrants

- a) The purchaser of a structured warrant is subject to the risk of losing the full purchase price of the structured warrant and all transaction costs.
- b) In order to realize any value from a structured warrant, it is necessary to sell the structured warrants or exercise the structured warrants on or before their expiry date.
- c) Under certain conditions, it may become difficult to sell the structured warrants.
- d) Upon exercise of the structured warrants, the issuer may settle its obligations via actual delivery of the underlying assets, in cash or a combination of both depending on the terms of the issue of the structured warrants.
- e) Placing of contingent orders, such as “stop-loss” or “stop-limit” orders, will not necessarily limit your losses to the intended amount. Market conditions may not make it possible to execute such orders.
- f) The high degree of leverage that is obtainable from structured warrants because of the small initial outlay can work against you as well as for you. The use of leverage can lead to large losses as well as gain.

Non-Advisory Nature of Relationship

You should note and accept that our relationship with you in relation to your Securities and Securities-related transactions is purely as execution-only broker/dealer or as counterparty to you. In either case, while you are entitled to expect us or our employees or representatives to answer your queries, the obligation in so answering is only to be honest. Such answers should not be assumed to be backed by any prior reasonable due diligence or research or specifically suitable for reliance by you without you first independently confirming that the answer is intended as specific advice to and is suitable for or to your specific financial needs and objectives or you verifying the same with your independent advisers on our specific suitability for your specific financial needs and objectives.

The above statements do not purport to disclose or discuss all of the risks and other significant aspects of any transaction. In light of the risks, the Customer should undertake such transaction only if he/she understands the nature of securities, including derivatives and the contracts which he/she is entering into and the extent of his/her exposure to risk. The Customer should therefore consult with his/her own legal, tax and financial advisers before entering into any particular transaction.

SCHEDULE 2 - Market Data Provisions of relevant stock exchange(s)

BURSA MALAYSIA

- a) The transmission of Market Data is conditional upon the Subscriber's strict compliance with the provisions set forth herein, and iFAST may, with or without notice to the Subscriber, discontinue transmission of Market Data whenever in iFAST's judgment there has been any breach by the Subscriber or any entity on behalf of the Subscriber, of any of the provisions herein, or whenever directed to do so by Bursa Malaysia.
